**Minutes of Parent Teacher Association Meeting**

❖ **Agenda**

- Welcome.
- Fee fixation for Academic Year 2023-24 .
- Information about upcoming events.
- Any other subject with the Permission of PTA President.
- Vote of Thanks.

The PTA Committee meeting for the academic year 2022-23 was held on Thursday, 10th November 2022 at 4:00 pm in the School Auditorium. The following points were discussed as per the agenda.

**Subject 1: Welcome**

Resolution : Mrs. Neha welcomed the PTA committee members and teachers for the meeting.

**Subject 2: Fee fixation for Academic Year 2022-23 .**

Resolution : President informed PTA members that as per government norms school is going to increase 15% fee for the academic year 2023-24 and school can increase fee after 3 years. She also informed that in the year 2018 fee was increased. In the year 2020 and 2021 , fee was not increased during the situation of Corona Pandemic. Same fee structure continued for academic year 2022-23

President made PTA members aware of implementation of new plans as per need of hour with increase of fee.

- To start an NCC unit for boys and girls so that they can learn leadership, comradeship, to gain physical strength which will help to get job opportunities in the armed forces.
- To renovate STEAM labs and to get labs well furnished.
- To start Std XI and XII , make necessary arrangements like furnished classrooms, recruitment of new teachers, to purchase science lab equipment, etc.
- As per NEP, provision to start special vocational courses.
- Special trainers will train students for leadership courses, skill development programmes which will help students to get different job opportunities in future.
- To start study of foreign languages like German/Japanese/French/ Spanish which will create job opportunities for students in future in India or abroad.

- The Competitive exam cell will train students for different competitive exams. Special trainers will be hired for NEET, JEE ,MH-CET exams.
- To complete maintenance work of classrooms,washrooms,electricity,etc
- To bring advanced technology in teaching as well as to prepare digital classrooms.
- For Faculty development programmes ,arrange seminars,workshops and training which will keep teachers updated and well trained to apply new and innovative teaching methods. For the arrangement of such programmes,there is a need for high profile trainers.

To implement all above programmes proper budget will be prepared and parents can also confirm about implemented programmes . Parents can see the change in their ward if they will cooperate for the same.

Parents suggestions:

- 1) One of the parents requested that fee increase will be a burden for parents as the corona pandemic created financial problems.  
President replied that the school kept the same fee structure from 2018,also for parents having economical problems, the number of installments were increased to pay the fee.  
In 2020-21,parents were given Rs.1000 concession as STEAM classes were not conducted.
- 2) One of the parents suggested that instead of a 15% increase , is it possible to have a fee increase of 10% and 5%?  
If fee increase will be in a slot then it won't be possible to complete above suggested programmes and maintenance work in the year 2023-24.
- 3) How much was the fee increased in 2018?  
The President replied that 7.5% in 2018-19 and 7.5% in 2019-20. But this will not help to achieve the plans decided to implement in the year 2023-24.Parents may also say that fee increases every year. So it is only possible to get approval for a 15% increase in fee at one time.
- 4) The President informed parents that documentation work for a proposal of 15% fee increase approved by parents will be sent to the education department , in 90 days(in the month of February) it will be finalized.  
The maintenance work will be done in the month of May after sanctioning the adequate budget.Washroom maintenance work will be also done as Std XI and XII classes will be added.It will be also possible to purchase new and advanced cleaning equipment for the sake of health and hygiene of students.
- 5) One of the parents asked how we can get to know that the above programmes are implemented and maintenance of washrooms will be completed.  
President answered that at any time parents can come and enquire about the programmes implemented and maintenance work completed.  
President also informed that same fee structure will remain till year 2022-26

20

She also added that if fee increase takes place in two years, 2023(10%) and 2024(5%) then to complete the above discussed reasons, it will be difficult to manage the budget for all activities.

After discussion over all the advantages and disadvantages on implementation of above activities, parents agreed and gave approval for the 15% fee increase for 2023-24 and the President assured that the same fee structure will remain till 2025-26.

PTA members were also informed that other fees will be merged in tuition fees which will benefit parents while paying income tax.

**Subject 3: Information about upcoming events for Academic Year 202-23.**

The President briefed about upcoming events for Academic Year 2022-23

- 1) Annual day will be celebrated in the 3rd week of December.
- 2) Sports day for students and parents on separate days in the month of January.
- 3) STEAM Expo will be arranged in the month of January.
- 4) New skills acquired by students will be presented in the Academic fest.
- 5) Career guidance will be arranged for the students and parents of std 8 to 10.

**Subject 4: Any Suggestions with the Permission of PTA President**

Resolution: The President assured parents that they can ensure implementation of suggested programs at any time in the year 2023-24.

**Subject 6: Vote of thanks**

Mrs. Swati Kadu proposed the vote of thanks and the meeting ended.
