Outward No.:

Date : 15/04/2023

Aai Educational Society's New Oxford International School has put first the proposal for readjustment of fees in the meeting held on 15/04/2023.

As per the Fees Regulatory Act 2018 it is necessary that the proposal for fee readjustment should be agreed by P.T.A. after which it should be accepted by School Management. After which increase in fee should be displayed on the school notice board as well as school website.

According to the Fees Regulatory Act 2018 article, A School can increase total of 15% fees in two years with the permission of P.T.A., hence for Academic Year 2023-24 – 7% and Academic Year 2024-25 – 8% has been increased. So New Oxford International School has increase 15 % fees in 2 Academic Years.

The Proposal 15% increase has been put forward for the Academic Year 2023-24 along with this fee schedule has been attached. We are presenting this proposal before P.T.A. for increasing fees by 15%.
